Jillian –

Once again many thanks for a wonderful weekend. The food was perfect and every detail was covered. I truly did not worry about a thing the entire time – you had everything handled to a tee.

I have to tell you that I got numerous compliments about the Sea Bass. I could have eaten 3 more pieces it was so delicious! I also got rave reviews on the Frittata (I think that was what it was called) at the Sunday brunch as well as the Blintzes (again I don't remember the exact name).

We loved everything! Please send everyone who helped throughout the weekend a special thanks for all they did to make the celebration an amazing success...

We look forward to working with you again!

Have a wonderful summer.

Kati H.
